## PROFILE

Backend engineer based in Croatia. Planning, developing, deploying, and maintaining server-side solutions on a daily basis and working on a variety of interesting and meaningful projects. Since a young age, code was my passion and hobby. Following new trends in the programming world and attending courses on a monthly basis.

## EMPLOYMENT HISTORY

### Backend Developer, Informatika Fortuno

Vinkovci

Jan 2018 — Present

- Building server side applications from scratch
- Developing software using **Javascript, NodeJS** along side **ExpressJS**
